The HGC Arbitrage Fund LP Class "F" units returned +0.35% in September vs +1.69% for the TSX Total Return.

An interesting transaction during the month was the merger of Vivint Smart Home Inc, a leading Smart home technology company with Mosaic Acquisition Corp (MOSC), a SPAC led by known public market executive David Maura. With an initial enterprise value of \$5.6 billion and anticipated revenues of \$1.3 billion for Fiscal Year 2020, this is one of the largest SPAC transactions we have seen to date. To support the cash requirements of the transaction, new investments of \$125 million from Fortress Investment Group LLC and \$100 million from The Blackstone Group Inc. were secured in conjunction with the announcement of the transaction. Seeing such a large company go public with brand name institutional backing, further illustrates the use case for companies to come public through a SPAC when the traditional IPO route may not suit the needs of the company.

The Fund continues to see relatively tight spreads in the Risk Arb universe, and as such, the majority of the portfolio is currently invested in SPACs.

Regards,

Sean Kallir
